➤ School Budget Issues

-School Land Trust purpose

- discussed the purpose of land trust designation, revenue and how the committee works

- Reviewed each of the goals from the 2016-2017 school plan

- goal 1- need to find out the teachers needs for science education and any non-consumables that could be purchased in this goal.

- goal 2- need to determine the number of classroom sets of the Beehive books needed for next year. And the need for software that would be used for the upcoming school year.

- goal 3- specific technology for upgrading needs to be identified for next school year. This brought up a discussion of creating a 5-year technology plan for making these upgrades on a regular basis.

- goal 4- maintain the aid position, we discussed the possibility of using these funds to hire an additional aide dependent on the changes resulting from the reconfiguration of the school.

- goal 5- discussed adding more PD opportunities for teachers that include STEAM/STEM training, and community council training.

- Review the plan suggestions for 2017-2018 plan

○ Beehive book awards

○ Software renewals

○ iPad cart discussion

○ 5 year technology plan
